US Mail = 1551 Bent Oaks Blvd, Deland FL 32724

### **Other Needs**

**Parts, New or Used** -- We can save you money on a wide range of your tractor needs. Our sources include major places of business such as Steiner Tractor Parts, Heartland Tractor Parts, Detwiler Tractor Parts plus a wide range of used parts suppliers. We are a supplier and a customer to many of these businesses. And so whether it is new parts, used ones, or even accessories and supplies (such as Black Tire Paint) not listed above, all you have to lose is the time & effort of an email -- in learning if you can save by shopping with me. Submit a **“Request for Quote”** to receive cost and delivery data.

**Not Just John Deere** -- We think we can save you money on new replacement parts for a wide variety of tractors, not just Model “H” John Deere tractors! Write us with tractor make, model and serial number – and with part-number specific data and let us see what we can do. You may then consider our response as a bid; an offering!

**I Must Save you Money** -- If I can't save you money -- I will gladly back out of the way; but still point you in a direction where at least you obtain what is believed to be the best deal around – no fees and no questions!

**The Service of Finding Things** -- For “H” Tractors, Pat serves as a finder and a broker for items such as a hood or wheels; this service rendered in exchange for 10% of invoice. And so if you have a need, shoot us an email being specific with your “H” Tractor's serial number, and the part-number(s) of the item(s) you seek. Pat will answer & then you decide from there!

**Internet Photography** – When it comes to used parts like hoods & wheels, one man's “serviceable” may indeed be another man's “junk”. Therefore, when seeking to fill an order for such items, we rely heavily on an abundance of clear, revealing photographs which are (obviously) to also be shared with a prospective buyer. We even arrange telephone contact as needed to be sure the transaction is on the upside. ++++
